### DISPOSITION

Florida Statute 497.607 provides that if after a period of one hundred twenty (120) days from the time of cremation, the cremated remains of the Deceased have not been claimed, Abacos Crematorium and the Funeral Home may dispose of the cremated remains. Florida law allows such disposal by scattering the cremated remains at sea or placing them in a licensed cemetery scatter garden or pond or in a church columbarium. Abacos Crematorium and the Funeral Home are authorized to dispose of the cremated remains in such a manner if the arrangements set forth above have not been completed by me within one hundred twenty (120) days after the day of cremation. In any event, Abacos Crematorium; the Funeral Home, and the Funeral Director are absolved of all liability for loss or damage occurring during shipping and handling once the cremated remains are transported and delivered in a container to the United States Postal Service or other common carriers.
